**Notes to editors**

Telit is a global leader of machine-to-machine (M2M) communications providing wireless module technology via its brand Telit Wireless Solutions, enhanced by managed and value added services, including connectivity via its business unit m2mAIR. Telit is dedicated to M2M communications for over 12 years and constantly advancing technological leadership from 6 R&D centers around the globe. Telit offers an extensive portfolio of quality cellular, short-range, and GNSS modules. By supplying business scalable products interchangeable across families, technologies, and generations, Telit is able to keep development costs low and uniquely protect customers' design investments.

Value added services from m2mAIR combine solutions for module, SIM, and subscription management with M2M connectivity, delivering business value through enhanced network performance, cost control, security, troubleshooting and a ready-to-use, off-the-shelf, cloud platform to connect enterprise IT systems to m2m-connected devices and machines for business-critical use. Addressing the critical element of cost-control in M2M integrations, m2mAIR offers an innovative business approach which transforms cost of connectivity into a bill-of-material (BOM) component.

Telit sells its products through a network of 32 sales offices and 60 distributors to more than 5,000 customers in 80 countries around the world.
